

Rotating Top Work Positioners

WPPPALS: Spring Work Positioner

WPPPALS: Spring Work Positioner

WPPPALA: Fitted with Bellows

- Power free automatic level loader
- Operators can load pallets without: bending, stretching and walking normally associated with loading pallets at floor level
- Simple, easy to use
- Well proven in a variety of industries.
- Available in stainless steel or can be adapted to suit individual applications - P.O.A.

Rotating Top Work Positioner - Spring

- Available in a range of options including galvanised and all stainless steel finish
- Can also be adapted for ATEX

Specifications:

Safe Working Load:	200 - 2000 kg UDL
Compressed Height:	240mm
Open Height:	710mm
Turntable Diameter:	1110 mm
Overall Size (W x L):	1110 x 1150 mm
Tare Weight:	160kg

Lift Type	Capacity	Height Low / High	Code	Price
Spring	2 tonnes	240 to 710mm	WPPPALS	£1892.86

Rotating Top Work Positioner - Air

- Based on the Spring design principle. Air also automatically maintains the pallet load at a comfortable working height
- Air uses a compressed air actuator to maintain the pallet level

Specifications:

Safe Working Load:	200 - 2000 kg UDL
Compressed Height:	240mm
Open Height:	770mm
Turntable Diameter:	1110 mm
Overall Size (w x l)	1110 x 1220 mm
Tare Weight:	240kg

Note: Requires shop air supply 7 scfm minimum
A foot pump can be used (Not supplied)

Lift Type	Capacity	Height Low / High	Code	Price
Air	2 tonnes	240 to 770mm	WPPPALA	£2064.29
