

# Leisure and Wet Area Matting

## Leisure Activity Matting

Warm, Comfortable and Slip-resistant is the ideal safe matting for sport and leisure applications, particularly around swimming pools, in changing rooms or in other wet areas, comfortable to stand on even with bare feet.

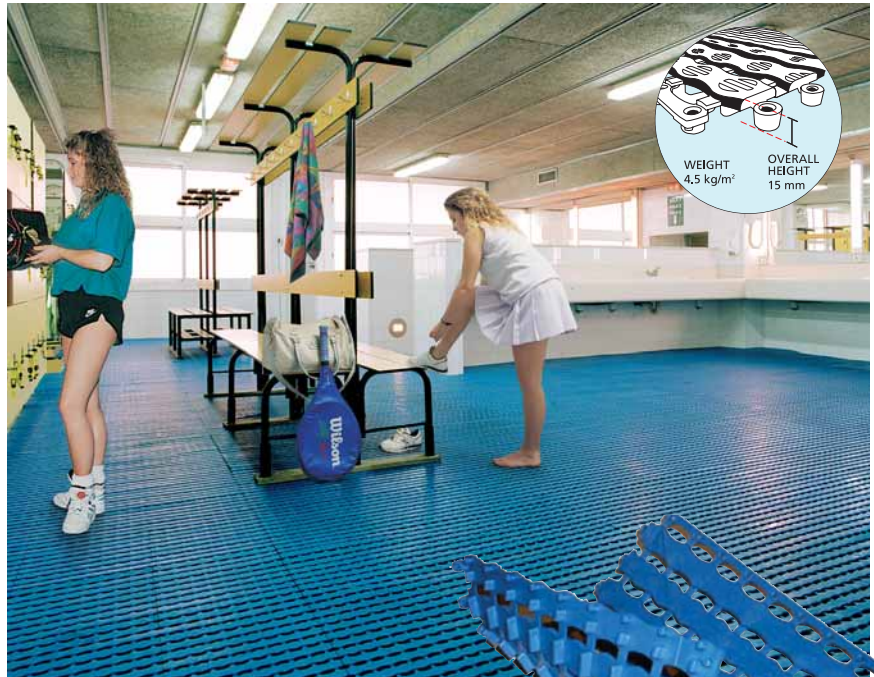

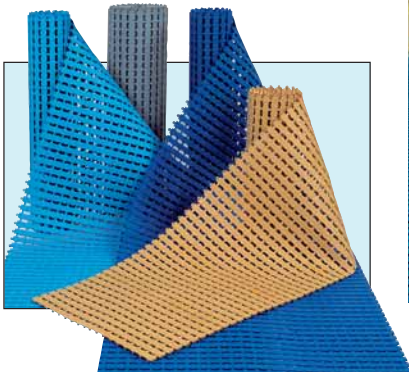

- Anti-bacterial additives with multi-directional drainage
- Hardwearing and requires no maintenance
- Sanitised anti-bacterial & anti-fungal additives
- Effective inside or out

Width x Length	Thickness	Colour	Code	Price
500mm x 10m roll	10mm	Oxford Blue	HR5BE	£237.64

1000mm x 10m roll	10mm	Mulberry Red	HR2RD	£406.56

Environment

## Wet Area Matting

Matting tiles enable the covering of large floor areas with an easy click together joining that provides a seamless covering. Hygienic and comfortable under foot, they are manufactured from EVA with additives providing anti-fungal and anti-bacterial qualities. Pre-embossing adds to slip resistance for bare feet traffic. Open grid, broad slats and sturdy supportlegs

provides drainage of large volumes of water. Its 15mm height will disperse the heaviest of spillsages.

- Comfortable under foot, hygienic and slip-resistant
- Firm seamless joints with click together fit
- Open grid design facilitates excellent drainage of large volumes of water

- **Colour Options add Suffix:**  
 Light Grey=LG, Light Blue=LB  
 Beige=BGE, Ocean Blue=OB  
 i.e. Tiles in Light Blue = HTL+LB = HTLLB

Description	Code+Suffix	Price
330 x 330mm - Packs of 27 Tiles	HTL	£116.89
