

'Narrow Aisle' Versions (see left)
Standard Versions (see right)

Narrow Aisle WPM6AS shown with anti-slip treads

- All steps are supplied with double handrails and punched pattern steel treads as standard
- Overall widths for 'narrow aisle' versions are: 500mm and 630mm
- Anti-slip tread option available

WPDH7AS (Standard Heavy Duty)

- Fully welded construction
- 5 - 15 tread models are available in fold down form for ease of transportation and access into awkward locations
- 2 - 6 tread models are automatically braked using spring loaded castors
- 7 -15 tread are braked using the integral Ascent Safety Bar
- When the Ascent Safety Bar is pushed back the wheels automatically raise, stabilising the steps and allowing access

Warehouse Mobile Safety Steps
